OUTSIDE ON THE CASTING POND

THE FLY ZONE - PRACTICE FOR SUCCESS - Jim Solomon

with special guest Michael Maloney

8:30 - 9:15 am

Master Certified Casting Instructor, Jim Solomon will teach you how to practice for real life fishing situations when it counts. Taking a bucket list trip warrants preparation. The Fly Zone program will keep you prepared for all situations, it will allow you to adapt and modify your casting stroke so you can present the fly when it counts.

SWITCH CAST FOR THE SURF - Bob Middo

9:30 - 10:15 am

Master Certified Casting Instructor, Bob Middo will demo the switch over head cast. Who would like that added bit of distance without the hassle of doing the old "Down-Up" Double Haul casting routine? How about being kind to your shoulders while casting? Bob will demonstrate how you can use a two-handed rod in the surf, from a boat and any other conditions you might find yourself fishing in to gain that extra precious distance to your cast without taxing the shoulders or using a Double Haul. After all, everybody knows that the biggest fish are just out of reach.

THE DOUBLE HAUL - John Van Derhoof

10:30 - 11:15 am

Master Certified Casting Instructor John Van Derhoof will walk folks through the "Hows and Whys" of the Double Haul. Considered a rite of passage by most fly anglers, learning the Double Haul can be an important addition to an individual's ability to fish especially while casting heavier rods/lines, fishing requiring longer casts and in adverse conditions. John will talk about shooting line, the Single and Double Haul, the correct timing of the cast and how to teach oneself how to perform it.

FLYFISHING THE FLATS - Michael Maloney

1:30 - 2:15 pm

Michael Maloney, a nationally recognized casting instructor, will help you with all of your saltwater flats casting issues and questions in a simple, common sense way, while also having fun along the way. Michael will also address the common, everyday casting errors that get in our way to being successful and discuss the importance of practice in a simple, effective way to achieve your goals.

THE SURF TANGO - Al Quattrocchi

2:30 - 3:15 pm

Flyfishing and casting a sinking shooting head in the surf is not an easy proposition. Al will demonstrate an easy step by step method of learning how to manage an integrated sinking line. The "Tango" will break down the cast into simple parts so you do not get frustrated, especially if you're a beginner. We will go over the haul, overhang, line management, stripping baskets, Belgium style casts and safety.
